Fabric Tiles can become Technology Tiles, allowing easy access to power and data for any of your electronic devices.

Stanchions add visual appeal while increasing surface space.

Spaces are customizable to suit the needs of many. Some may need Personal Storage Towers, others may require Lateral Files.

Whether you choose to sit or stand, variable height worksurfaces from the PREPARE line support the demands of your schedule.

Accessories can be integrated into each work station to suit individual needs.

## Enhance your Brand

The appearance and functionality of your environment speaks to your brand and how you work. EMERGE performs in a variety of work settings, offers a generous palette selection of tile, fabric and finish options and provides an aesthetic to support your brand. Make a statement and enhance your brand with EMERGE.

## Blend for the Perfect Mix

Blend Maxon Furniture products to perfect your space. Our product portfolio is designed to work in harmony and to energize your environment. SURPASS and PREPARE work well in configuration and are designed to work functionally with PREFIX and EMERGE. To best manage your space and budget, blend our portfolio and find the perfect mix.

## EMERGE™ in your Space

EMERGE delivers the quality and flexibility you need in support of the way you work. Specify panel and stacker heights to 110 inches, visually appealing and interchangeable tiles as well as power and data at base or desk height to appoint your space. EMERGE in your space ensures durable quality, proven performance and stylish fit and finish.
